

Learn Computer Basics... through nonprofit San Diego Futures Foundation

Do you or someone you know have interest in learning computer basics? San Diego Futures Foundation now has a **low-cost Digital Literacy Class**, offering both **beginner and intermediate classes** that will teach you the basics about computers, the internet, introduce you to Microsoft Office., and more!

Go to www.sdfutures.org/programs/digital-literacy-classes to see class dates and complete the application.

Classes are \$25 for 8 hours of instruction delivered in 2-hour classes over 4 sessions. Apply **online**, or call 619-269-1684 ext. 4 if you have further questions.
